

Photograph Analysis

The more you look, the more you see!

What I See (Observation)
Describe exactly what you see in the photograph. <ul style="list-style-type: none">• What people and objects are shown? How are they arranged?• What is the physical setting? What other details can you see?
What I Infer (Deduction)
Summarize what you already know about the situation and the time period shown and the people and objects that appear.
How I Analyze (Interpretation)
Write what you conclude based on what you see. <ul style="list-style-type: none">• What is going on in the picture? Who are the people and what are they doing?• What might be the function of the objects? What can you conclude about the time period?
What I Need to Investigate
What are three questions you have about the photo?
1. 2. 3.
Where can you go to do further research and answer your questions?
